Subject	Project Compass - Formal Notice to Remedy Critical Defects

Dear Robert,

Following the critical failure of the General Ledger module over the Go-Live weekend, I write on behalf of Zytglogge Praezisionsinstrumente AG to give Marchmont Dynamics Ltd formal written notice of the defects under Clause 17 of the Master Services Agreement dated 14 May 2024 and Articles 366 and 107 of the Swiss Code of Obligations.

The System is posting duplicate entries to the General Ledger, the opening trial balance is corrupted, and all customer invoicing and payroll processing remain suspended. We require these defects to be fully remedied no later than 17 December 2025 (ten working days from the date of this notice). If they are not remedied within that period, we reserve the right to withdraw from the Master Services Agreement and to claim restitution and damages.

Regards,

Sandra Zbinden, Head of Operations, Zytglogge Praezisionsinstrumente AG, Tel. +41 31 388 42 10
